Hi

P-17-0393 -- This is urgent, it's the consent order case of [REDACTED]'s that we discussed, where RAD is still updating the health report. I just moved it from June to July in NCR since the health report isn't updated yet.

P-18-0185 -- In order to move this case forward we need RAD to QC the June 6, 2019 version of the health report.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) -- before I go back to the company with the updated assessment it needs to be QC'd by RAD. This is not a case where all that we need from RAD is language updates. Rather, after RAD QC's the June 6 health report, then I'll discuss it with the company, make a recommendation at options, and proceed to finalizing it. I just moved P-18-0185 from June to July in NCR.

P-18-0301 -- I just moved this from June to July in NCR. RAD updated the reports today, however, the Ex. 5 Deliberative Process (DP) thus it won't be completed in June.

Many thanks,

I need your help to compile a list of cases that we project should/could be completed in July.

Attached is the list of projections for June. The cases shaded in "green" have been completed. Those cases on this list that are not completed as of June 30 will be added to the July list unless the PM notified me that completion will take longer.

Also, all FY19 cases with original Day 90s in July will be added to the list.

I will do a retrieval from NCR to gather the list of cases for which you have indicated a July completion. However, this is your chance to let me know which of those cases are highest priority for you. I have already rec'd requests for some cases from PMS which are listed below; I will add these to the July list unless the PM tells me not to do so.
